INVITATION

ESITC Caen, lead of the European Project MARINEFF, and its partners invite you to participate in the Marineff International Conference, being held in Caen (Normandy, France) in May 3rd-5th 2022. This conference, as a part of the MARINEFF project, will gather researchers, representatives from industry and other stakeholders to highlight research and case studies about the ecological maritime infrastructures, from construction materials, design to marine biodiversity.

The MARINEFF project

The MARINEFF project was selected under the European cross-Broder Cooperation Programme INTERREG V/A between France (Channel) England, co-funded by the ERDF. It brings together 9 French and British partners.

The Marineff project's goal is to enhance and protect coastal and transitional water ecosystems in cross-border Channel regions. The project aim is to realise new biomimetic infrastructures to improve the initial ecological status of water, by at least 15%.
